

2021 Annual Report

Center Point enhances, strengthens, and changes lives by promoting the success of students and families through teaching and personal development.

A letter to our Board of Directors from a Center Point student...

Center Point saved my life, in all honesty. When faced with one of the hardest years of my life, I enrolled in a class here and it brought me joy. Thank you for everything you do. I might not be here without you.

Board of Directors

Staci Tunkel – Chair

Our students are saying...

- "Thank you for everything you've taught me. You have definitely been one of the reasons I am who I am today."
- "I have learned a lot from you, mostly about my worth as a person."
- "I gained patience from taking this class."
- "I learned not to judge people as often as I used to."
- "The class was very insightful and helped me listen to other points of view."
- "I learned how to love myself."
- "You don't need to fall in to peer pressure if you have self-worth."
- "I learned to respect myself before anything."
- "Set a goal to satisfy yourself in the future."
- "That you always need to have boundaries and have communication with your partner."
